Regina's fantasies about her hot marketing assistant, Gabriel, are interfering with her focus at work. In desperation, she turns to Madame Eve to give her a one-night stand with a man who looks just like him. When the Gabriel arrives in her hotel room, she must choose between walking away and playing out her daydreams with the real thing. Their one night becomes a wrestling match for control as Regina strives to keep the upper hand. But Gabriel is just as determined to show her how to work together for business and for pleasure.

As passion trumps protocol, their one night stand quickly becomes much more than a fantasy.
