Will You Discover the Legendary City of the Dolphns?

You are a summer intern at the renowned Dolphin Institute in Hawaii, hoping to help find the fabled underwater city of the dolphins and make scientific history. As you're nearing the spot where the treasure-filled city is believed to lie, your group is approached by some boaters. When they press you for details about what you're doing, your suspicions are aroused. How much should you reveal?

If you decide to tell them the truth, turn to page 30. If you make up another story, turn to page 70. Think carefully before you decide! If you trust the boaters, they might do as you ask and leave the area. Or they could double-cross you and claim the treasures of the dolphin city for themselves!

What happens next in the story? It all depends on the choices you make. How does the story end? Only you can find out! And best part is that you can keep reading and rereading until you've had not one but many incredibly daring experiences!
